

TO: Interested Parties

FROM: David Kronsteiner, President

DATE: July 8, 2020

SUBJECT: Port of Coos Bay Commission Meeting Notice

The **Board of Commissioners** of the Oregon International Port of Coos Bay will hold its Regular Commission Meeting at 11:00 a.m., Thursday, July 16, 2020, via Zoom Webinar.

Members of the public are invited to attend at the following link: <u>Port Commission Meeting</u>. If you are unable to join via computer, or do not have speakers or a microphone on your computer, you may dial in for audio: (669) 900-6833 or (253) 215-8782. Enter Webinar ID 951-6824-7880 and Password 081497.

If you would like to provide public comment during the meeting, please call the Administrative office at 541-267-7678 by 9 a.m. on Thursday, July 16, 2020. Written comment will be accepted until 9 a.m. on Thursday, July 16, 2020 by sending an email to <a href="mailto:portcoos@portofcoosbay.com">portcoos@portofcoosbay.com</a> with the subject line 'Public Comment'.

## OREGON INTERNATIONAL PORT OF COOS BAY

## Coos Bay, Oregon

## REGULAR COMMISSION MEETING & BUDGET HEARING

11:00 a.m., Thursday, June 18, 2020

Port Commission Chambers, 125 Central Avenue, Suite 230, Coos Bay, Oregon 97420 Zoom Webinar

### **ATTENDANCE**

### **Commission:**

David Kronsteiner, President; Eric Farm, Vice President; Brianna Hanson, Treasurer; and James Martin, Commissioner. Bob Garcia, Secretary, was excused.

## Staff:

John Burns, Chief Executive Officer; Lanelle Comstock, Chief Administrative Officer; Mike Dunning, Director of Maritime Operations; Megan Richardson, Director of Finance; Brandon Collura, Charleston Harbormaster; Margaret Barber, Director of External Affairs; Jake Jacobs, Director of Infrastructure Support Services; Rich Lopez, General Manager, Coos Bay Rail Line, Inc.; Krystal Moffett, Administrative Assistant; and Mike Stebbins, Port Legal Counsel.

## **Media & Guests:**

Maeora Mosieur, Budget Committee.

## 1. CALL MEETING TO ORDER

President Kronsteiner called the meeting to order at 11:01 a.m.

## 2. INTRODUCTION OF GUESTS AND PORT STAFF

### 3. PUBLIC COMMENT

## 4. PORT PROJECT UPDATE

A. Ice Plant Rebuild Project Update, Harbormaster Brandon Collura

Brandon Collura stated the end of April brought about the building of the ice dock platform, constructed of cement slabs. The last slab was laid on May 11 and the topping slab, building curb and foundation construction began. Structural steel and moment frames were erected on May 28 and assembly began on the ice bin a few days later. The bin was completed with walls, the rake, and all components on June 16. The remainder of June will include the completion of the first floor framing, walls, and joists. July will focus on the second floor of the building and installation of all components to tie the plant together.

Work has also progressed along the wooden dock with the electrical conduit, fire suppression system and dock head building rebuild. The dock head building will include new switch gear and other required electrical components including a larger transformer. The updated equipment is required to operate the larger capacity plant.

The bin assembly has been completed and the cathodic protection system has been installed. The last of the ice making equipment is due to arrive from North Star on Friday, June 19. The first floor is scheduled for completion on Friday, June 26. Then in July the installation of equipment skids will begin on the second floor, with high pressure welding work, electrical, plumbing, and roofing work to be competed in order to tie the systems together. Security cameras will be installed to complete the work of the upgrade to the security camera system. The dock head building will be rebuilt, rewired, with new equipment installed and energized by the end of July. Once the connection of all systems is completed to include electrical, fire suppression, water, security, and other components, the plant will be powered up. The project remains on schedule with a target opening date of approximately August 1, 2020.

As of today's date approximately \$5.2 million has been spent, with a remaining budget of \$3.3 million. The project is on schedule to be completed at or just below budget. The costs of the project are covered by funding from Business Oregon including the Special Public Works Fund which are tax exempt bonds, and the Port Revolving Loan Fund which is a tax exempt loan. Local funds include insurance proceeds.

## 5. CONSENT ITEMS

- A. Approval of April 16, 2020 Regular Commission Meeting Minutes
- B. Approval of May 27, 2020 Budget Committee Meeting Minutes
- C. Approval of April and May Invoices
- D. Approval of April and May Contracts Awarded
- E. Approval of Leases
- F. Approval of Community Giving Scholarship Award

Upon a motion by Commissioner Martin (second by Commissioner Farm), the Board of Commissioners voted to approve the April 16, 2020 Regular Commission Meeting Minutes, May 27, 2020 Budget Committee Meeting Minutes, April and May Invoices, April and May Contracts Awarded, Leases, and Community Giving Scholarship Award. **Motion Passed.** 

## 6. MANAGEMENT REPORTS

All Management Reports were included within the Meeting Packet.

## 7. <u>BUDGET HEARING – FY 2020/21 BUDGET</u>

#### A. Public Hearing

President Kronsteiner opened a Public Hearing for the Oregon International Port of Coos Bay's Budget Hearing for the Fiscal Year 2020/21 budget at 11:13 a.m.

President Kronsteiner asked for any public comment on the proposed budget. There were no comments made. President Kronsteiner closed the Public Hearing at 11:14 a.m.

# B. 2020Res07: Adoption of Budget, Making Appropriations, Imposing and Categorizing Taxes – Combined for the 2020/21 Fiscal Year

The Port's Budget Committee approved the proposed 2020/21 Fiscal Year Budget after its first budget committee meeting May 27, 2020. Each year, following the Budget Committee's approval of the budget, the Commission is required to hold a public hearing. The objective of the public hearing is to receive testimony from any person present. The public hearing is scheduled for 11:00 a.m., June 18, 2020 prior to the regular Commission meeting.

During the regular Commission meeting, the Commission is <u>allowed to make changes to the budget if</u> the total change in any fund does not exceed \$5,000 or 10%, whichever is greater. Changes in excess of 10% would require the Commission to publish notice of a second budget hearing and a new financial summary and hold the second hearing before the adjusted budget can be adopted.

If no significant changes are made, the Commission should consider approval of the resolution adopting the budget.

Upon a motion by Commissioner Farm (second by Commissioner Martin), the Board of Commissioners motioned to approve Resolution 2020Res07, a resolution adopting a budget, making appropriations, imposing and categorizing taxes – combined for the 2020/21 fiscal year. **Motion Passed.** 

## 8. ACTION ITEMS/REPORTS

## A. 2020Res08: Adoption of Supplemental Budget for Fiscal Year 2019/20

This fiscal year there are three departments in the General Fund that require additional expenditure appropriation: Administration, Port Development, and Rail Operations. This additional expenditure authority can be reallocated from existing authority within the General Fund and adding additional authority due to the additional revenue received. The additional appropriation increases the fund by \$141,980.00. Dredge Fund requires a similar reallocation to Personnel Services from Materials and Services. This reallocation does not increase the expenditure appropriation in the fund.

The Administration department is projected to exceed their appropriation level due to the greater than budgeted legal fees that were expended during the fiscal year and the purchase of two fleet vehicles for the use of the administration. The largest portion of the overrun is due to the litigation with the former rail operator ARG Trans.

The Port Development department is projected to exceed their appropriation level due to the greater personnel costs this fiscal year. The department was originally budgeted for three FTEs, and through the course of the year they were temporarily increased to four FTEs. The additional FTE, and an additional PTO payout, when the fourth FTE departed the organization, increases the expenditure level to be greater than budget.

The Rail Operations department is projected to exceed their appropriation level due to the necessary bridge inspections and repairs that were needed to keep the Port's rail line operational and in compliance with state and federal agencies. There were two fleet vehicles purchased for Rail for the use of maintaining the rail line.

The Dredge Fund requires a reallocation to Personnel Services from Materials and Services in order to remain in compliance. The dredge project at Port of Siuslaw took longer than anticipated and exceeded the labor estimate, which exceeded the budgeted requirements for personnel services. This allocation will have a net-zero effect on the total of appropriation level for the fund.

Staff wishes to amend the 2019/20 budget as follows:

General Fund	<b>Budgeted Amounts</b>	New Amounts	Change
1 Administration	1,544,293	2,018,010	473,717
2 Charleston Ops	2,760,925	2,247,381	(513,544)
3 External Affairs	509,231	361,729	(147,502)
4 Port Ops	345,230	222,116	(123,114)
5 Port Development	362,635	366,202	3,567
6 Rail Ops	469,305	1,055,842	586,537
Non-Departmental			
Debt Service	923,495	835,814	(87,681)
Transfers to Other Funds	1,398,000	1,398,000	-
Contingency	50,000	-	(50,000)
General Fund Total	8,363,114	8,505,094	141,980
Dredge Fund			
Personnel Services	97,365	147,365	50,000
Materials & Services	307,546	257,546	(50,000)
Dredge Fund Total	404,911	404,911	-

Under Oregon Budget Law, if a transfer of appropriation authority is a decrease of one existing appropriation and a corresponding increase of another existing appropriation, with no net change in the total amount of all appropriations, or if the overall change does not change any fund by 10%, and the transfer of Contingency is below the 15% threshold, the budget may be adopted at a regularly scheduled Port Commission meeting. Staff wishes to amend the budget in the General Fund to increase appropriation level of Administration, Port Development, and Railroad Operations and decrease Charleston, External Affairs, Port Operations, Debt Service, and Contingency for a net change of \$141,980. In the Dredge Fund, to increase Personnel Services and decrease Materials and Services for a net change of zero.

Upon a motion by Commissioner Martin (second by Commissioner Farm), the Board of Commissioners motioned to approve Resolution 2020Res08 adopting the supplemental budget and reallocating appropriations to incorporate changes in the Port's operating environment in the General Fund and Dredge Fund. **Motion Passed.** 

### B. 2020Res09: Charleston Marina Rate Schedule for FY 2020/21

As part of the annual budget process, the Marina Complex rates are reviewed each year and may be adjusted by the Consumer Price Index and/or by market analysis (each year staff surveys the rates and schedules of comparable facilities for comparisons). This year, Port Staff is requesting a 3% increase to

nearly all Charleston Marina Services, Charleston Marina Shipyard Services, Charleston Marina Storage Unit and Charleston Marina Dry Storage Fees.

There will be no changes to the Launch Ramp fees, Charleston Marina Shipyard Environmental Service Charge, or RV Park rates (the RV Park rates are adjusted in January). Ice and Public Buying Dock Hoist rates will be announced closer to the opening of the Ice Plant.

The proposed red lined 2020/21 Charleston Marina Rate Schedule was attached as an exhibit to the resolution included in the meeting packet.

The Rate Schedule may be modified by Resolution of the Port Commission. Upon approval by the Board, the proposed 2020/21 Charleston Marina Rate Schedule will become effective July 1, 2020.

Upon a motion by Commissioner Farm (second by Commissioner Martin), the Board of Commissioners motioned to approve Resolution 2020Res09 revising the Charleston Marina Rate Schedule as presented, for Fiscal Year 2020/21. **Motion Passed.** 

## C. 2020Res10: Amendments to Port Personnel Policy 14.5

The Port of Coos Bay currently provides a very generous Paid Time Off (PTO) benefit for Port employees:

- Employees accrue (and rollover) a significant number of PTO days each year (25-35 days based on years of service).
- The maximum amount of PTO which may be accrued is 75 days per employee.
- If an employee's PTO balance exceeds 40 days at the time of their anniversary date of hire, the employee may cash out PTO hours in excess of 40 days at 75% of its value.
- Accrued and unused PTO is paid out at full value upon termination of employment.

These generous payout options are highly affecting the Port's budget. In an effort to reduce expenses in the upcoming budget, and to promote use of PTO for rest, relaxation, and recovery away from work, or for unexpected or serious illnesses and emergencies, Port Staff is proposing to revise the current PTO policy to reduce PTO payouts upon separation to 50% of the employee's unused accrued PTO (and reduce the PTO payout option of over 40 days from 75% value to 50% value).

Port Staff has surveyed our local governments and other districts to compare the Port's PTO policy (accrual rates, max accrual, payout rates, etc.) and have found the suggested policy revision to still be a competitive benefit in our community.

In addition to modifying the accrued payout, the policy has been revised to reflect the following:

- PTO may not be used while on Unpaid Administrative Leave;
- No more than two weeks of PTO may be used at one time unless approved by the CEO; and
- The option to donate PTO has been removed.

Before being presented to the Port Commission, Section 14.5 has been reviewed and approved by Port's legal counsel and discussed with the Port's Management Team. The red lined draft version of the recommended policy was attached as an exhibit to the resolution included in the meeting packet.

Commissioner Martin asked how this PTO and benefits policy compares to that of the Port's unionized employees. Lanelle Comstock stated it is the same. Commissioner Martin asked if the change would

have retroactive effect for employees who already have a large amount of accrued PTO. Ms. Comstock stated the policy is immediately effective and will change the payout of accrued PTO to 50% for all employees going forward.

Upon a motion by Commissioner Martin (second by Commissioner Farm), the Board of Commissioners motioned to approve Resolution 2020Res10 authorizing the amendments to Port Policy Manual Chapter 14: Personnel Policy, Section 14.5: Time Off & Benefits. **Motion Passed.** 

## D. Disposal of Surplus Property for FY 2020/21

Over time, the Port accumulates surplus personal property as older equipment and materials are replaced with newer materials, areas of operations are phased out, or when items are abandoned and/or obtained through the auction process. When sufficient quantities of such materials and equipment are accumulated, it becomes necessary to dispose of the surplus property. The surplus property includes property the Port has determined is not needed and unlikely to be needed for Port operations.

Section 6 of the Port's Local Public Contracting Rules requires the Chief Executive Officer to identify Port surplus property and recommend the means of its disposal to the Port Commission, as the designated Local Contract Review Board (LCRB). The policy sets forth specific criteria for the disposition of surplus personal property.

Much of the Port's surplus property has little to no value to the Port or its operations. It is inefficient to continue to bring individual action items to the Commission for the disposal of such property. Therefore, Port staff is requesting the Commission, as the LCRB, name the Chief Executive Officer as its designee for determining and authorizing the methods of disposal of surplus property with little to no value to the Port for Fiscal Year 2020/21 in strict accordance with written policy.

All surplus property will be evaluated against policy before disposition. If any items are determined to not meet the specific criteria set forth in policy, Staff will present an action item for the Commission's consideration upon that determination.

Upon a motion by Commissioner Farm (second by Commissioner Martin), the Board of Commissioners motioned to name the Chief Executive Officer as the Local Contract Review Board's designee for determining and authorizing the methods of disposal of surplus property with little to no value to the Port for Fiscal Year 2020/21 in accordance with the Port's Local Public Contracting Rules. **Motion Passed.** 

### E. Long Fisheries, Inc. Lease Amendment

Tyler Long of Long Fisheries, Inc. approached Port staff requesting an amendment to the term of his lease agreement. The existing lease agreement is a month-to-month commercial lease. Mr. Long requested an amendment providing for a 5-year rental term, with an additional 5-year renewal. Mr. Long is a tenant in good standing with the Port and is exploring additional business opportunities for which a longer lease term would provide assurance to potential new business partners regarding the longevity of his business model. In review of the existing lease, Port staff also recommend that the permitted use of the facility be updated to reflect additional related activities taking place on the dock. Additionally, Port staff worked with Nasburg Huggins to ensure that the appropriate insurance requirements and provisions are included in the amendment. Permitted uses of the dock have been updated to include seafood processing, public buying, and custom offloading. Insurance requirements have been updated to include

General Requirements and Conditions, Worker's Compensation, Commercial General Liability, Auto Liability, and Property Insurance.

Upon a motion by Commissioner Martin (second by Commissioner Farm), the Board of Commissioners motioned to approve Oregon International Port of Coos Bay executing a lease amendment with Long Fisheries, Inc. to extend term, permitted use of facility, and insurance requirements. **Motion Passed.** 

#### F. AT&T Tower Land Lease Extension

Port staff have been working with Crown Castle., a company that represents and negotiates on behalf of AT&T Wireless seeking to extend their existing lease agreement for cell tower ground lease. The lease amendment includes a one-time signing bonus of \$25,000, annual payments of \$12,000, a revenue sharing agreement of \$500/month for each additional carrier that sites services on the tower, and 2% Consumer Price Index increase on an annual basis. The updated terms of the lease extend the term length by seven (7) five-year renewal terms with limited provisions to relocate the tower in the future if Port development on the North Spit necessitates relocation.

Commissioner Martin asked what the lease agreement is conditional upon. Margaret Barber stated execution of the agreement is conditional upon approval of the Commission.

Upon a motion by Commissioner Farm (second by Commissioner Martin), the Board of Commissioners motioned for conditional approval to enter into an amended lease agreement with AT&T Wireless for approximately 2,000 square feet of land on the North Spit. **Motion Passed.** 

## G. Intergovernmental Agreement with DLCD for Natural Hazards Mitigation Plan

Natural disasters occur when natural hazard events impact people, structures, and the environment. The dramatic increase in the costs associated with natural disasters over the past decades has fostered interest in identifying and implementing effective means of reducing these impacts. Natural hazards mitigation planning is a process for identifying and understanding the hazards facing a jurisdiction and prioritizing actions the jurisdiction can take to reduce injuries and deaths; damage to buildings, critical facilities, and infrastructure; interruption in essential services; economic hardship; and environmental harm. Reducing impacts also speeds up recovery and lowers its cost.

The Federal Emergency Management Agency (FEMA) approves Natural Hazards Mitigation Plans (NHMPs) meeting federal requirements at 44 CFR 201. Approval lasts five years. Having a current, FEMA-approved NHMP is a key factor in establishing eligibility for certain FEMA grants that fund natural hazards mitigation planning and projects.

Coos County's Multi-Jurisdictional NHMP will expire on September 12, 2021. DLCD has received a FEMA Pre-Disaster Mitigation grant to assist Coos County, the cities of Bandon, Coos Bay, Coquille, Lakeside, Myrtle Point, North Bend, and Powers, and the Southern Coos and Coquille Valley Hospital Districts, the Coos Bay School District, the Oregon International Port of Coos Bay, and the Port of Bandon ("Jurisdictions") with updating the Coos County Multi-Jurisdictional NHMP. The grant's performance period is from October 1, 2018 through April 1, 2022.

The purposes of this Intergovernmental Agreement are to:

- (a) Formalize a working relationship between DLCD and the Jurisdictions that is to result in an updated Coos County Multi-Jurisdictional NHMP adopted by each Jurisdiction and approved by FEMA;
- (b) Ensure the Jurisdictions are aware that the grant supporting this project requires the final deliverable to be a FEMA-approved NHMP, and that to achieve FEMA approval the Jurisdictions must not only consider, but also adopt an NHMP that FEMA has agreed to approve; and
- (c) Ensure the Jurisdictions are aware of their responsibility to contribute to the Project using non-federal funds, and to track, document, and report its cost share as required. There is no cash match for the Port. The Port will be tracking staff time and expenses as in-kind match for the project.

The Port's responsibilities under this agreement include:

- i. Attending and actively participating in Steering Committee meetings;
- ii. Providing data and information;
- iii. Engaging with internal and external stakeholders;
- iv. Executing the Project's public engagement program;
- v. Shepherding the plan through the public adoption process;
- vi. Tracking, accurately documenting, and reporting cost share as required;
- vii. Adopting a Plan that FEMA has agreed to approve; and
- viii. Performing any other Project work assigned to County, Cities, and Districts by Exhibit A.

Upon a motion by Commissioner Martin (second by Commissioner Farm), the Board of Commissioners motioned to approve the proposed Intergovernmental Agreement between the Oregon Department of Land Conservation and Development and the Port of Coos Bay to assist in the development and adoption of the updated Coos County Natural Hazards Mitigation Plan. **Motion Passed.** 

## 9. OTHER

## 10. COMMISSION COMMENTS

**11. NEXT MEETING DATE** – Thursday, July 16, 2020, 11:00 a.m.

## 12. ADJOURN

The Executive Session scheduled immediately following the Commission Meeting has been cancelled. President Kronsteiner adjourned the meeting at 11:36 a.m.

**To:** John Burns, Chief Executive Officer

From: Mary Green, Accounting Clerk

**Date:** July 8, 2020

Subject: Invoices Paid for Commission Approval through June 2020

A/P checks issued per NetSuite financial system 3,069,444.42
Payroll disbursement per Umpqua Bank statement 122,658.25
Misc electronic disbursements per Umpqua Bank statement 75,729.97

Total Disbursements \$ 3,267,832.64

TO: John Burns, Chief Executive Officer

FROM: Megan Richardson, Accounting Manager

DATE: July 8, 2020

SUBJECT: June 2020 Contracts Awarded

The following are bids that were awarded, and contracts authorized and signed by the Chief Executive Officer during the month of June. All solicitations comply with the requirements of the Port's Local Public Contracting Rules 2.8.1-3.

The following projects are included in the appropriate fiscal year budget:

Contract	Description	Cost
Oregon Satellite	Renew security camera system at the Marina and Shipyard	\$78,880.00
Oregon Satellite	Change Order 1: Add 3 additional cameras	\$3,670.00
Scott Partney Construction	Change Order 4: Rock removal & Excavation for Tunnels 17 & 18	\$141,460.00
	<b>Total Contracts Awarded for this period:</b>	\$224,010.00

TO: John Burns, Chief Executive Officer

FROM: Lanelle Comstock, Chief Administrative Officer

DATE: July 8, 2020

SUBJECT: Administrative Services Management Report

## **Upcoming Scheduled Meetings and Events:**

July Regular Commission Meeting: Thursday, July 16, 11:00am
 August Regular Commission Meeting: Thursday, August 20, 11:00am

#### **Recruitment:**

- Railroad Bridge Inspector The Coos Bay Rail Line has over 120 bridges along its 134 miles of track, which require annual inspections. Thus, Coos Bay Rail Line, Inc. (CBRL) is seeking to hire a railroad bridge inspector to schedule, inspect, record and report all railroad bridge, trestle, culvert, and embankment conditions for deterioration, damage, or deviations from conforming to safety regulations, building codes, or railroad engineering specifications, and make recommendations for any necessary repairs. The ideal candidate shall be competent in the performance of inspections, and understand typical railroad repair, maintenance, and construction of structures supporting railroad loading. Additional information can be found here: https://www.portofcoosbay.com/cbrlcareers
- **Temporary Finance Clerk** With the assistance of temporary staffing agencies, the Port is seeking a temporary Finance Clerk to work in our Finance/Accounting office through the remainder of the calendar year. Duties include Accounts Payable and Accounts Receivable processes. The ideal candidate shall have a finance background.
- **Temporary Seasonal Office Assistant -** With the assistance of temporary staffing agencies, the Port is seeking a temporary seasonal office assistant for the Charleston Marina and RV Park offices to assist during the busy Summer season. The ideal candidate must have excellent customer service skills and the ability to quickly and efficiently learn new software programs.

**Public Meetings:** Due to COVID-19 and social distancing requirements, Port of Coos Bay public meetings will continue to be conducted virtually. The public may listen to these meetings telephonically or observe the meetings virtually. Each public meeting notice will provide instructions on how to submit public comment or testimony in advance of the meeting. These virtual meetings will also be recorded and posted on the Port's website.

**COVID-19 Precautions:** Port and Rail Staff are required to wear face masks when on Port property or while conducting Port/Rail business. If in-person meetings with guests are necessary, face masks must be worn by both staff and guests. Although Charleston Marina Staff are currently working in the office, the office remains closed to the public at this time and customers continue to be serviced telephonically.

TO: John Burns, Chief Executive Officer

FROM: Megan Richardson, Director of Finance

DATE: July 8, 2020

SUBJECT: Accounting & Finance Management Report

We hereby present May and May Year-to-Date [11 months] financial results for the Port.

## **Operating Revenue:**

Total operating revenues were \$226K which was \$96K less than budget. Charleston revenues fell short this month. While they saw an increase in Semi-Annual Moorage and launch ramp, activity across the Marina, RV Park and Shipyard was down for May. Port Ops continues to have a revenue shortfall this month, which will continue until the end of FY 2019/20, due the termination of the agreement between Jordan Cove and the Port for management fees of the Channel Deepening Project. Rail Ops had budgeted surcharge and management fee revenues for an average of 580 carloads per month, which May fell short with actual carloads coming in at 394.

## **Operating Expense:**

Operating expenses totaled \$345K, which was \$179K less than budget. All departments remained within budget this month with the exception of Rail Ops. Rail Ops budget overrun is related to salaries and the impact of final pay which includes PTO cash outs.

### **Operating Result:**

The Port ended May with a \$119K deficit against a planned deficit of \$202K which better than plan by \$83K. All departments performed better than plan except for Port Operations and Rail Operations. These two departments suffered from revenue shortfalls and higher than anticipated expenses.

## **Other Income & Expense:**

Total other revenues totaled \$31K, which is less than budget by \$8K. Taxes collected this month are increased due to collection of current and prior years' taxes exceeding budget estimate. Financial income has not met budget projections due to a lower than anticipated LGIP balance and lower interest rates. Other expenses totaled \$8K in May, which was \$32K less than plan. This is due to the timing of capital projects that are awaiting completion in June.

## **Net Result & Year to Date:**

May net result amounted to a net loss of \$96K compared to a budgeted net loss of \$202K resulting in a \$106K positive variance. Year to date net result amounted to a loss of \$674K compared to a budgeted loss of \$424K resulting in a negative variance of \$250K. This variance underscores the importance of achieving a strong topline, in addition to managing operating expenses well.

## **Other Comments:**

The total cash balances in all bank accounts at June 2020 month end were \$2,418,894.88 which is a decrease of \$894K from May, with interest earnings of \$1,459.40 No interest was earned in the money market account because the balance has been managed to meet the required minimum for banking fees and cashflow needs. The total interest earned for FY 2019/20 was \$52K, which fell short of projected interest earnings by \$40K. The Local Government Investment Pool (LGIP) interest rate decreased from 1.76% pa to 1.49% pa. The projected interest rates have fallen short due to the decrease in the Pool's interest rate and the decrease of funds reserved in the pool. The rate has fallen 1.34% from July, which is more than half of the starting interest rate of 2.57% in July 2019.

The Finance department passed all required budgets for the upcoming fiscal year for the Port, Coos Bay Rail Line, Inc, and Coos County Urban Renewal Agency. In addition, the supplemental budget for Fiscal Year 2019/20 was completed and approved.

Finance also completed interim audit field work for fiscal year 2019/20 with the Port's audit team from Moss Adams. This interim work focuses on testing transactions to lessen the burden when they return this fall. While the interim work is done for the auditors, the focus for Finance will continue to be on closing the year and preparing for the upcoming final audit field work which will begin in October 2020.

SUBJECT: Commercial/External Affairs/Marketing Management Report

#### **Commercial:**

EA/BD staff, Rail staff, and Port CEO held meetings with all rail customers during the month of June to discuss the Capital Projects Surcharge Fee, customer impressions on rail service and communications, and upcoming volume projections. All rail customers expressed that they were pleased with rail service and communications.

EA/BD staff is working with Charleston Marina staff to promote the RV Park. A survey was sent out to 144 RV Park customers from the previous six months in an effort to determine customer satisfaction, as well as what amenities are valued highest and what amenities are currently not available at the park that customers desire.

Staff continue to follow up on commercial inquiries.

## **Marketing and Media:**

EA/BD staff is currently enrolled in a drone training course to prepare for licensure exam.

Staff issued four press releases during the month of June:

- If you See Tracks, Think Train
- Maintenance Dredging of Coos Bay Harbor River Miles Twelve to Fifteen Scheduled to Commence Early July
- Job Announcement: Railroad Bridge Inspector
- Charleston Ice Plant Rebuild Project Remains on Track for August Reopening

Three of the articles were featured in The World. The Port was also featured in Seaports Magazine regarding the Port's Scholarship Program, and staff submitted content regarding the Ice Plant Rebuild Project for a future issue of Seaports.

Staff was featured on Hooked on Oregon, a local radio show, to provide a general overview of the Port, as well as Railroad projects and the Ice Plant Rebuild Project.

Page likes on the Port's Facebook page increased by 224% over the past month, and followers increased by 233%. The top post was a picture of aggregate cars being loaded at the Greenhill yard with a total reach of 2,400.

The Charleston Marina Facebook page followers for the past month increased by 7%, while new page likes declined by 8%. The top post on the Charleston Marina page was a video created by Nick Edwards promoting the Charleston community.

Staff is beginning to develop the FY 2019/20 Annual Report. Additionally, the commercial Quarterly newsletter was distributed to 644 subscribers on July 2, 2020. According to Mail Chimp, the platform the Port utilizes for newsletter distribution, of these subscribers, 40% are actively engaged and frequently open the newsletters, 20% are categorized as moderately engaged, and 34% rarely open the newsletter.

#### Legislative/Advocacy Work:

Staff continue work with State and Federal legislators to articulate the impacts of COVID-19 for the Port industry and advocate for inclusion of Port relief and infrastructure needs in upcoming stimulus packages.

Staff is working with Markee & Associates to ensure that previously dedicated lottery bond funding through the State of Oregon is available for upcoming Port projects.

The Oregon Legislature met for a special session in late June to take up bills related to COVID-19 relief as well as police brutality. During the session as a result of COVID-19, the capitol was closed to the lobby and the general public for the duration. The only people that were allowed in the building were limited staff and legislators. Nearly all of the policy issues that were presented just before session started ultimately passed this session (about 20 or so issues). One key issue that the Republicans pushed hard for before and during the session was some sort of liability reform for business, employers, and/or government bodies as it relates to the pandemic. The idea was to make sure that employers that are taking precautions for their employees will not held liable if there was a workplace outbreak, etc. Most Democrats from day one pushed back on this. Many stated their reason for not doing this was because the legislature was not looking at the workers compensation system to create a presumption for the coronavirus. There was an agreement (after 10 Democrats signed a letter stating the need for liability reform) between Republicans and Democrats to create an interim workgroup to study the liability issue in hopes of bringing legislation to a future session. There will most likely be another special session the second half of July to look at budget issues and some policy at the same time.

Staff continue to monitor Governor Brown's press conferences for pertinent updates related to COVID-19.

#### **Port Property:**

Staff received two inquiries on building 30 and an inquiry on the old maintenance shop. Staff is working with the previous owners and current tenant of the Fishermen's Wharf to cultivate a new tenant/owner.

Staff continue to work with tenants in the Marina complex to provide support with regard to issues surrounding COVID-19.

One of the bills that passed in the most recent Special Session extended the Governor's moratorium on evictions for commercial tenants from July 1, 2020 to September 30, 2020.

#### **Grants:**

Staff will be compiling a grant application through the Oregon Parks and Recreation Department to support the purchase of the remaining wooden picnic tables in the Marina. The grant period opens in August and closes in September.

#### **Community Outreach:**

Staff met with the President of the Charleston Merchant's Association to brainstorm opportunities for the Port and the Association to cross-market.

Staff attended a virtual meeting with the work group that has been working to include a ballot measure in the November Election to initiate a Transient Lodging Tax in the Charleston area.

Staff created a list serve of business, community, and legislative stakeholders to forward pertinent information related to COVID-19 resources, as well as utilizing website and social media outlets to distribute information.

Staff have also created list serves for additional groups to share pertinent information and updates, including the Ice Plant Rebuild Project, Maritime Contacts, and Rail Contacts.

SUBJECT: Infrastructure Support Services Division (ISSD) Management Report

### **Coos Bay Rail Line:**

## **Tunnel Rehab Phase II, 51% Complete:**

Scott Partney Construction is currently on their last scheduled one week shutdown for tunnel 15. The remainder of the work within the tunnels shall take place during normal daily track outages. There will also be two additional Thursday through Sunday shutdowns to accomplish the replacement of two separate culverts. Miscellaneous ballast work is taking place in several of the

other tunnels on a daily basis, as it fits the available crew time. The pre-cast concrete channel installation is proceeding nicely at tunnel 19. SPC has come up with a unique way to get the ready-mix concrete into the tunnels for the cast in place concrete work by mounting a concrete truck drum on one of its trucks and using a conveyor to transfer the concrete from the ready mix truck into the hi-rail mounted ready-mix truck. This channel work will continue for about two more weeks.

Photo: Concrete work at Tunnel 19.

#### **2020 Mainline Herbicide Spraying:**

ISSD has been working with Ferrosafe to have the CBRL mainline sprayed for vegetation growth. Spraying started May 22, 2020 and has since been completed.

## **Charleston Marina:**

### **Ice Plant Replacement:**

The ice bin and elevating conveyor have been placed in the new building and the second floor has been installed. The refrigeration equipment has been installed on the second floor with the refrigeration piping scheduled to start next week. The second floor wall installation is complete and the second floor roof framing will begin in the next week.

## **Upgrade Security Cameras System at Marina and Shipyard:** (ongoing)

Oregon Alarm is 95% complete with the remaining 5% finished on completion of the Ice Plant. As of June 22, 2020, a Substantial Completion agreement has been issued.

## **Maritime Operations:** (ongoing)

ISSD is working with Mike Dunning to provide additional documentation for the MARAD Build Grant, NEPA Compliance, ESA Section 7 Compliance, and Section 106 Compliance study being conducted by Greg Matuzak Environmental Consulting LLC.

Note: This is an ongoing effort that will conclude upon acceptance by MARAD. That date is undetermined as of this report, however, is anticipated to be complete within the next 75 days.

## **Quarterly Grant Reports:**

All required Federal and State quarterly reports have been accepted within the required time frame.

## **Coalbank Slough Bridge:**

ISSD has continued inspections of the Coalbank Slough bridge. This month's inspection shows some apparent movement in the structure. Stantec has been informed and requested additional measurements be taken and checked on a monthly basis to determine the extent of the movement. ISSD will continue to perform the monthly inspections with regular reports to Stantec.

Photos: Ice Plant construction (left). Coalbank Slough Bridge (right).

TO: John Burns, Chief Executive Officer

FROM: Mike Dunning, Director of Maritime Operations

DATE: July 8, 2020

SUBJECT: Port Operations Management Report

## **Channel Modification Project:**

The PDT continues to review and address comments on the Letter of Authorization (LOA) and the Risk Management Plan (RMP). As discussed previously, the RMP is the last big piece needed to close out remaining the remaining 204/408 Report comments.

#### **Build Grant (NEPA):**

The Port received a Letter of Concurrence (LOC) from National Marine Fisheries Service in June. This LOC satisfies the Section 7 (ESA) consultation and finds that the proposed action (project) is not likely to adversely affect OC Coho salmon, green sturgeon, eulachon, or their designated critical habitats. The Section 106 (cultural and historical) consultation should be completed in early to mid-July. Once MARAD has the Section 106 work in hand, they will conduct a final review of the NEPA work and we anticipate a Finding of No Significant Impact (FONSI) for the project.

#### **Charleston Sediment Characterization:**

The Sediment Characterization Report (SCR) is still under review, but we expect a Sediment Determination Memo (SDM) by the end of July. We anticipate receiving authorization for in-water disposal for all Dredge Material Management Units (DMMU) within the Marina and Shipyard.

Russel Marine has contracted with Hart Crowser to conduct sediment sampling behind the fuel dock. These samples will be evaluated and submitted to the PSET for review and ultimately a Sediment Determination Memo for the new DMMU. This new DMMU will be added to the Charleston Marina Complex Dredging Permit.

#### **Dredging:**

The Unified and Charleston Dredging permits are still under review by the agencies. Staff is currently working with the Corps to complete the Section 408 determination required for the Charleston dredging permit approval. We received an email from the 408-program coordinator in early July stating that the 408 Program was out of funds for the year and may not pick up our request again until October. We currently have dredging operations scheduled to start in early October and need this determination sooner.

The Corps clamshell contract dredge is currently working from RM 12-15. The contractor will dredge 1 million cubic yards and place it in offshore disposal site "H". This work is expected to continue through October 2020.

## **Safety:**

Staff continues to evaluate the safety needs of staff and the public during the COVID-19 outbreak. Staff and visitors are required to wear face masks while in doors in accordance with Governor Brown's directive.

The Natural Hazards Mitigation Plan (NHMP) MOA will be executed in July and the first Steering Committee meeting is scheduled for July 29, 2020.

The Harbor Safety Committee Chair has resigned his position on the board. The Vice Chair is George Wales and he will be the acting Chair until a new Chair is voted in. We anticipate that this will happen at the next HSC meeting on July 21, 2020.

TO: John Burns, Chief Executive Officer

FROM: Brandon Collura, Harbormaster

DATE: July 8, 2020

SUBJECT: Charleston Operations Management Report

The Marina finished the month of June at 57% capacity. Of the 443 moorage slips, we had 161 annuals, 37 semi-annuals, 54 monthlies and 139 transients. Annuals decreased, semi-annuals stayed identical and both monthly and transient moorages increased. Overall capacity increased by one percent from May to June.

The RV Park had 39% capacity in June, up 17% from May. Out of 104 RV Park spaces, we had 130 new check-ins for total sales of \$35,367.44. Reservations for the summer season continue to be strong and currently show no signs of slowing.

## **Maintenance Projects:**

Annual maintenance work on the State-owned dredge equipment has begun. Pumps and parts are being disassembled for internal components to be taken to machine shops and various third parties to have work completed prior to the upcoming fall/winter in-water work window. The HYPACK software has been sent in for repair and the major engine oil and filter changes have taken place.

Painting has been taking place throughout the marina complex. Launch ramp lane lines, storm water drain covers, RV Park lines as well as areas outside the Post Office and inner basin parking areas have been repainted recently to increase visibility and safety.

A new pump out sewer line is currently being installed in one of the inner basin units. The old line needed replacement along G&H dock.

## **Ice Dock & Plant Project:**

As of Tuesday, July 7, the walls for both levels of the new plant are completely installed. The condenser is installed on the outdoor portion of the second level and all indoor equipment is currently welded into place on the upper level. Joists and the roof system are due to be installed next and all high-pressure welding work is being conducted concurrently. Cement foundation work continues at the dock head building as well to prepare for electrical system installation in the coming weeks.

Once the plant is complete, professional training included in the start-up process will be conducted for one week by the North Star team alongside the Charleston maintenance crew.

TO: John Burns, Chief Executive Officer

FROM: Rich Lopez, General Manager

DATE: July 8, 2020

SUBJECT: Railroad Department Management Report

## **Operations:**

CBRL handled 534 revenue car loadings for June 2020. June 2020 car loadings were above May 2020, by 140 cars and below by 49 cars from the 2019/20 CBRL forecasted monthly average of 583 cars. June 2020 was above June 2019 of 318 cars by 216 cars.

The month of June 2020 carloads of 534 were a direct effect of planning and execution. The staff and crews worked as a team to position and move cars during and between the 2 tunnel work windows, maximizing car movements for the month.

Lost Creek Rock Products has increased car movements to their Coast Yard.

CBRL MOW crews repaired 3 broken rails and a bridge approach found during track inspections in June. The broken rails and approach were repaired and had no impact on operations.

CBRL MOW located a bridge issue at MP 742.24 that took the bridge out of service. The strategic planning of all staff members allowed the bridge repairs to be made during the tunnel work window and with no delays to train operations.

CBRL encountered 3 fallen trees in June, a higher number than in previous years. Both MOW and train crews worked hard to clear, with minimal delays to operations

ShadCo replaced 1,000 ties between two locations removing 1.7 miles of a 5 mph slow order. Along with ties, the contractor also resurfaced, gauged, and tamped the locations.

ODOT Mechanical Inspector was on property inspecting cars brought online for FRA defects and compliance at Vaughn and Noti.

CBRL locomotive department continues to work diligently on keeping our units available and in service. 92 day and annual inspections are being completed on required units.

Port and CBRL staff continue to work on crossing sign audits, inspections, and signage program.

## **Coos Bay Rail Line:**

As of July 6, 2020, the CBRL is 293 days' injury free. The CBRL had 0 incidents in June. Currently, CBRL has 17 employees and 6 locomotives on property.

CBRL received no recommended violations from FRA Signal or ODOT Operations Compliance Inspectors.

## **Tunnel Project Phase II:**

Tunnel 15 – Week 1 of a 2-week work window is complete with 900 feet of rail installed.

Tunnel 17 – Ditching complete, track need final dressing of rock.

Tunnel 18 – Track work complete. Needs final dressing and 30" culvert to be placed.

Tunnel 19 – Culvert and fish ladder install have begun. Track still needs dressing.

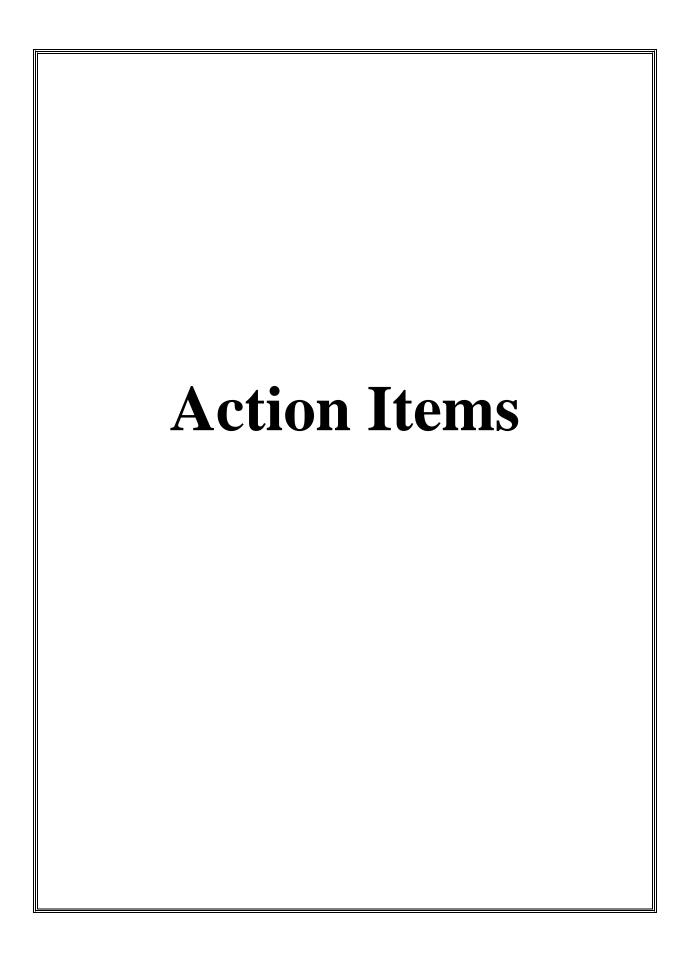

Tunnel 20 – Contractor needs to perform finishing work.

Tunnel 21 – Complete.

CBRL, working with the contractor, has allowed 7-day work windows to work on track structures unimpeded by train traffic. In doing this the project is now 2 weeks ahead of schedule.

## OREGON INTERNATIONAL PORT OF COOS BAY BOARD OF COMMISSIONERS

## **ACTION/DECISION REQUEST**

**DATE:** July 8, 2020

**PROJECT TITLE:** 2020Res11: Coos Bay Rail Line, Inc. - Capital Projects

Surcharge Tariff

ACTION REQUESTED: Approve resolution 2020Res11 authorizing Coos Bay Rail

Line, Inc. (CBRL) to issue a revised and updated Capital

Projects Surcharge Tariff for 2020

## **BACKGROUND:**

The Oregon International Port of Coos Bay owns and contracts for the operation of the Coos Bay rail line with Coos Bay Rail Line, Inc., a wholly owned nonprofit subsidiary of the Oregon International Port of Coos Bay. As owner of the rail line, the Port retains responsibility for capital repairs, rehabilitation, and replacement of the infrastructure on the rail line. Since acquiring the line the Port has undertaken a comprehensive capital rehabilitation campaign designed to restore and improve service to regional employers that ship and receive cargo by rail.

In 2013, the Port of Coos Bay instituted a surcharge fee on every revenue rail car transported on the Coos Bay Rail Line for the purpose of establishing a revenue stream to pay for debt service and other expenses related to the Port's acquisition of the rail line, as well as any capital repair and rehabilitation costs that are not covered by grant funds. Any fees not expended during the fiscal year collected are held in a reserve to be used for approved expenses in future fiscal years.

The existing surcharge fee (CBR 8500-A) has been in place since November 1, 2018 with no increase in 2019. The current fees range from \$50 to \$100, depending on the commodity shipped and the distance travelled on the rail line. The proposed fees range from \$52.50 to \$105.00, depending on the commodity shipped and the distance travelled on the rail line.

In order to meet future anticipated expenses related to the rail line, including the estimated \$520,000 in annual debt services for the purchase of the rail line which began in 2018, Port staff recommends that the fee be increased. After reviewing multiple scenarios related to the projected reserve fund balances for future years, Port staff is recommending a new Zone structure and increase in the surcharge fees, to be effective August 15, 2020.

Proposed Zone structure and 2020 rates are shown in Exhibit A, attached to the resolution following this backgrounder.

#### **RECOMMENDED MOTION:**

Approve Resolution 2020Res11 authorizing Coos Bay Rail Line, Inc. to issue the revised and updated Capital Projects Surcharge Tariff for 2020.

#### **RESOLUTION 2020Res11**

# A RESOLUTION OF THE BOARD OF COMMISSIONERS OF THE OREGON INTERNATIONAL PORT OF COOS BAY

# RESOLUTION AUTHORIZING COOS BAY RAIL LINE, INC. TO ISSUE A REVISED AND UPDATED CAPITAL PROJECTS SURCHARGE TARIFF FOR 2020

**WHEREAS,** the Oregon International Port of Coos Bay owns and contracts for the operation of the Coos Bay rail line with Coos Bay Rail Line, Inc, a wholly owned nonprofit subsidiary of the Oregon International Port of Coos Bay; and

**WHEREAS**, the Port has and continues to undertake a comprehensive capital rehabilitation campaign designed to restore and improve service to regional employers that ship and receive cargo by rail; and

**WHEREAS**, the Port of Coos Bay instituted a surcharge fee on every revenue rail car transported on the Coos Bay Rail Line for the purpose of establishing a revenue stream to pay for debt service and other expenses related to the Port's acquisition of the rail line, as well as any capital repair and rehabilitation costs that are not covered by grant funds; and

**WHEREAS,** in order to meet future anticipated expenses related to the rail line, the fee must be increased as proposed in EXHIBIT A, REVISED AND UPDATED CAPITAL PROJECTS SURCHARGE TARIFF – 2020, effective August 15, 2020.

**THEREFORE BE IT RESOLVED,** that the Coos Bay Rail Line issues the revised and updated Capital Projects Surcharge Tariff for 2020, identified as Exhibit A, attached hereto and incorporated herein by this reference.

**APPROVED and ADOPTED,** by the Board of Commissioners of the Oregon International Port of Coos Bay this 16<sup>th</sup> day of July 2020.

David Kronsteiner, President	Eric Farm, Vice President

# EXHIBIT A REVISED AND UPDATED CAPITAL PROJECTS SURCHARGE TARIFF - 2020

- 1) Except as provided in paragraph 2 of this Exhibit, the following surcharge rates shall be used for the purposes of calculating the Capital Projects Surcharge Tariff:
  - a) Zone A \$52.50
  - b) Zone B \$78.75
  - c) Zone C \$89.25
  - d) Zone D (Crossing the Coos Bay Bridge) \$105.00
- 2) In lieu of the rates listed in paragraph 1, the following surcharge rates shall be used for the specific loads listed below:
  - a) Move E Woodchips (not crossing the Coos Bay Bridge) \$71.40
  - b) Move F Woodchips (crossing the Coos Bay Bridge) \$81.90
  - c) Move G Intra-Zone moves \$42.00
  - d) Move H Inter-Zone (not crossing the Coos Bay Bridge) \$89.25
  - e) Move I Inter-Zone (crossing the Coos Bay Bridge) \$105.00
  - f) Move J Inter-Zone Logs/Aggregates (not crossing the Coos Bay Bridge) \$50.40
  - g) Move K Inter-Zone Logs/Aggregates (crossing the Coos Bay Bridge) \$60.90

Zone A includes Eugene, OR to Wendson, OR

Zone B includes Cushman, OR to Gardiner Jct, OR

Zone C includes Gardiner/Reedsport, OR to Cordes/North Spit, OR

Zone D includes North Bend, OR to Coquille, OR

Move E through K are specific loads listed

## OREGON INTERNATIONAL PORT OF COOS BAY BOARD OF COMMISSIONERS ACTION/DECISION REQUEST

**DATE:** July 8, 2020

**PROJECT TITLE:** 2020Res12: Approval of Amended Charleston Marina Rate

Schedule

**ACTION REQUESTED:** Adoption of Resolution 2020Res12 revising the Charleston

Marina Rate Schedule for Fiscal Year 2020/21

## **BACKGROUND:**

Throughout the rebuild process of the Charleston Ice Plant, Port Staff collected rates for commercial grade flake ice from 19 ice making facilities who provide ice to commercial fishing fleets between San Francisco and the Puget Sound. Between private and public enterprises, it was determined that the average price per ton for this product was \$91 with a median price of \$80. The Charleston Marina Ice Plant specifically provides several services and a production capacity that put it in the top tier of facilities along the West Coast.

Taking into account the current market research data as well as the costs required to repay the various loan obligations to rebuild the ice plant, the recommended motion is to increase pricing across all ice and ice dock services.

The proposed red lined amended 2020/21 Charleston Marina Rate Schedule is attached as an exhibit to the following resolution.

The Rate Schedule may be modified by Resolution of the Port Commission. Upon approval by the Board, the proposed amended 2020/21 Charleston Marina Rate Schedule will become effective July 16, 2020.

#### **RECOMMENDED MOTION:**

Approve Resolution 2020Res12 revising the Charleston Marina Rate Schedule, amended to include the rates for ice and ice dock services, as presented for Fiscal Year 2020/21.

#### **RESOLUTION 2020Res12**

## A RESOLUTION OF THE BOARD OF COMMISSIONERS OF THE OREGON INTERNATIONAL PORT OF COOS BAY

## RESOLUTION AUTHORIZING AMENDMENTS TO THE 2020/21 CHARLESTON MARINA RATE SCHEDULE

**WHEREAS,** Charleston Marina rates are reviewed each year during the budget development process; and

**WHEREAS,** Charleston Marina rates may be adjusted by the Consumer Price Index and/or by market analysis; and

**WHEREAS,** Charleston Marina rates are listed on the published Charleston Marina Rate Schedule; and

WHEREAS, owners and/or operators of vessels using Port moorage facilities, owners of property contained within Port storage areas, and users of Port services, are responsible for the charges outlined in the Charleston Marina Rate Schedule; and

**WHEREAS,** Port Staff collected rates for commercial grade flake ice from 19 ice making facilities who provide ice to commercial fishing fleets between San Francisco and the Puget Sound; and

**WHEREAS,** the Charleston facility specifically provides several services and a production capacity that put it in the top tier of facilities along the West Coast; and

**WHEREAS**, the Charleston Marina Rate Schedule has been amended to include rates for ice and ice dock services: and

**WHEREAS,** the Charleston Marina Rate Schedule may be modified by, and must be reviewed and approved by, the Port's Budget Committee and Board of Commissioners.

**THEREFORE, BE IT RESOLVED,** by the Board of Commissioners of the Oregon International Port of Coos Bay that, as authorized by Ordinance No. 143, hereby adopts the Charleston Marina Rate Schedule effective July 16, 2020, identified as Exhibit A, attached hereto and incorporated herein by this reference.

**APPROVED AND ADOPTED,** by the Board of Commissioners of the Oregon International Port of Coos Bay this 16<sup>th</sup> day of July 2020.

The Coos Bay rail line Owned and Operated by the Oregon International Port of Coos Bay, Operations by the Coos Bay Rail Line Inc.

Coos Bay Rail Line-CBRL operates at the U.S. shortline railroad industry standard of 286,000 lbs/143 short tons (weight of car plus commodity weight) per loaded revenue car. The majority of cars currently moving on the rail line weigh 66,000 to 86,000 lbs/33 to 43 short tons, resulting in a carrying capacity of 200,000 to 220,000 lbs/100 to 110 short tons.

Using 200,000 lbs/100 short tons as an average weight of commodity per rail car, the tonnage figures for the years 2011 through year to date 2020 are as follows:

2011-2013:	7,519	revenue car loads =	751,900	short tons
2014:	7,509	revenue car loads =	750,900	short tons
2015:	7,341	revenue car loads =	734,100	short tons
2016:	7,435	revenue car loads =	743,500	short tons
2017:	7,301	revenue car loads =	730,100	short tons
2018:	6,366	revenue car loads =	636,600	short tons
2019:	4,950	revenue car loads =	495,000	Short Tons
2020:	2,519	revenue car loads =	251,900	Short Tons

<sup>\*</sup>The Coos Bay rail line was embargoed by the previous owner/operator in September 2007. The Port acquired the 111-miles of the line owned by RailAmerica, Inc. in spring 2009 through an order from the U.S. Surface Transportation Board at the completion of a Feeder Line Application process initiated in July 2008. The Port acquired the Union Pacific (UP) Railroad owned 23-mile section of the line through a negotiated agreement with UP in late December 2010.

Coos Bay Rail Line-CBRL 288 days injury-free as of July 1st, 2020! Coos Bay Rail Line-CBRL Started service November 1, 2018.
